APRIL 2017 MESSAGE

A lot of people have told me lately that they have cabin fever, and with the weather we have experienced recently, I can understand that. Many of our Nor-Bu members will probably feel the same way. But you know, there is a way to alleviate the kind of fever we are talking about, and that is quite simply to get out of the house. An opportunity for doing that, although not immediate, would be to come to our next meeting at the BUL Cabin, an antidote of sorts. Yes, it is a business meeting as we do have to deal with business matters from time to time. But this meeting is more than just a business meeting. We will have our Sons of Norway insurance representative, James Donnelly, at the meeting. I have talked to you on many occasions about the importance of insurance for Sons of Norway as an organization. We are fortunate in having a successful insurance company to back up our fraternal programs. In fact, the fraternal programs of our organization are subsidized to the tune of more than one million dollars per year. This is pretty remarkable for a Fraternal Benefits Organization, where buying insurance from the organization is not mandatory. But mandatory or not, if you have any need for, or interest in the kind of products Sons of Norway offer, you should consider taking advantage of them. At the very least, have a serious look at the Sons of Norway products. Although you yourself may be adequately covered, consider your children and grandchildren. Sons of Norway have some very interesting policies for the young ones. Sons of Norway also offer annuities, and I can tell you from personal experience that their interest rates are excellent. We would like to see you at the meeting. So come and take advantage of James Donnelly's presence, and find out what he can do for you. Should insurance not be of interest at this point in time, just come and enjoy the camaraderie, good soups and good waffles. Speaking of waffles, why not sign up to participate in the waffle competition? It should be fun, and I for one am looking forward to some delicious waffles!

Let me already now remind you of our 17th of May party at the Cabin on May 20, and the parade in Brooklyn the day after. Ellen Lindstrom is coming back to play for us at our party. For the parade, we will for the first time for as long as I have been a member, have a band marching with us. It is a band of about 20 music students from Brooklyn College Conservatory, that my daughter and Nor-Bu member Marianne, has put together. This is the 65th anniversary of the Parade. Let us take part in the celebration of this most special, annual event in what was once "Little Norway" in Brooklyn. I will be marching, so will Margaret, and of course, Marianne together with the musicians. Come and join us, enjoy the festivities in Bay Ridge, and get some exercise to boot. It will do us all good!

Fraternally,

Andun

March 2017 District President's Message

Did you know including Odin, Thor and Freya there are 51 major Norse Gods & Goddesses??? Today we learn about Heimdall. He is one of Æsir and he's the guardian of Asgard (the stronghold of the Gods). He is one of Odin's sons and is the born from 9 mothers! Heimdall is known as "the whitest of the gods". He has gold teeth and owns a golden-maned horse Gulltoppr. He is, also, known to have a relation to rams and is connected to the world tree Yggdrasil.

His home is named Himingbjörg. It sits at the top of Bifrost, which is the rainbow bridge leading to Asgard. Heimdall needs less sleep than a bird and his eyesight is so perfect that he can see way over hundreds of miles throughout the night and day! Also, his hearing is so good that he can even hear the grass growing!!! Day & night Heimdall is guarding the rainbow bridge with his horn, Gjallarhorn (Resounding Horn) ready to blow it if any intruders approach the bridge. During Ragnarok, the gods know they are facing danger when they hear Heimdall blowing the Gjallarhorn warning them of the giants' arrival! The giants cross the bridge into Asgard and kill the gods. Loki, the traitor and Heimdall kill each other as the world burns and sinks into the

sea. (In several verses of Norse mythology, Heimdall was considered the father of mankind and might have established the hierarchical structure of Norse society.)

Besides salmon and trout, one of Norway's freshwater fish is the Arctic char.

The Arctic char is a cold-water fish living in Alpine lakes and arctic and subarctic waters. This fish spawns in freshwater, they return from the ocean to their place of birth, freshwater rivers to spawn. No freshwater fish is found as far north as the Arctic char! It's mostly common in the Nordic countries and the Scandinavians fish for the char extensively! They are related to the salmon and lake trout and have many of their characteristics. The char vary in color, depending on the time of the year and the lake's environmental conditions. They can weigh up to 20 pounds, but, usually they are only 2 to 5 pounds. Their color ranges from bright red to pale pink. Char are farmed in several countries including Iceland, Norway, Sweden and Finland. They can be found in the Norwegian Arctic, Svalbard, Bjørnøya and Jan Mayen. The char stocks are managed on regulations adopted in 1997. Since 1997 fishing in nature preserves has been prohibited and fishermen have to get a license from the governor's office to fish for char.

NORDIC FEST

June 10, 2017

It has been over 10 years since we sponsored a Nordic Fest at Nor-Bu. If you attended that one you know we all had a great time. Viking games, Norwegian food, Norwegian vendors - it was a day full of fun. The only way we can make this a success, is for all to attend and bring friends. I will keep you posted in the next few months as to our progress. If anyone would like to help, please give me a call. If you would like to be a vendor, call me. Let's make this the start of a very successful event for Nor-Bu Lodge. Deb Landvik-Larsen day 974 784-4564, night 973 442-4642.

BUNAD FASHION SHOW

10-21-17

The last Bunad night we had was enjoyed by all that attended. Let's make this one better and bigger. It's time to pull out your Bunads and join the show. If anyone has a Bunad that does not fit and you are willing to have someone else wear it, call them to see if they would be willing to join us this night. I understand the men will be in the kitchen cooking - so ladies - get those Bunads out and join in - you won't be in the kitchen getting dirty. CHANGE OF

WEEK FOR SOME

OF OUR MEETINGS

Hagar the Horrible by Chris Browne

As Cultural Director I am hoping that these events will bring more of you to the meetings and hopefully we can get more people to join. We are very fortunate to have such a wonderful place as the BUL to have our meetings & events. There was a time in the past where the Lodge was filled with people enjoying the events, meetings and socializing - Lets make this Lodge the best it can be. Make it a place where our children & grandchildren will make treasured memories as I have and if anyone has any suggestions - I am open to hear them all. Here's to a very successful, fun year at Nor-BuDeb Landvik-Larsen.

SOUP NIGHT WAFFLE CONTEST 4-22-17

This should be an interesting night. I have heard many comments from people how "their waffles are the best". Now, let's put it to the test. I have a few that have entered and we are looking for more. So give me a call if you are making soup and/or entering the contest. Deb Landvik-Larsen - day 973 784-4564 night 973 442-4642.

LOV FISHING WEEKEND 4/28-29-30/17

I am told this is one of the best trout fishing areas around. We are in the process of making plans for Trout fishing this weekend. This would be for experienced fishers only. If anyone would like to come up and you are not fishing, come enjoy the weekend away from home. We are working on a price for members and non-members. The weekend would include arrival Friday night, dinner at 7 pm, Saturday morning a boxed breakfast & lunch, for those fishing, breakfast & lunch at LOV & dinner at LOV. Sunday morning breakfast at LOV and departure after breakfast, you could still fish the rest of the day - just need to be out of the rooms after breakfast. Everyone would be on their own for fishing. If you are interested please contact me. We need a block of 10 rooms to make this happen. Hope to hear from you. Deb Landvik-Larsen day 973 784-4564, night 973 442-4642.
